Why not work for a company that offers you more than just money?

Our company is located in one of Chicago's lovellest suburbs: The advantages of this are obvious. You will work in a modern plant. You will be working with new equipment. The atmosphere is naturally more relaxing. You can probably think of many more advantages yoursely.

Our company grows larger and larger every day. As a result we have a constant need for machine and bench assemblers

"El mejor cimiento en el mundo es el dinero"

-Cervantes had the right idea!

Cervantes learned from and experience that "the best founda-tion in the world is money." The celebrated Spanish novelist, a playwright, and post who created Don Quistoe struggled throughout his life to free himself from financial difficulties. Four centuries later, another playwright, George Bernard Shaw, wrote concerning 'food, clothing, firing, rent, taxes, re-spectability, and children: Nothing can raise these seven mill-stones from man's neck but money; and the spirit cannot soar until the militeone are lifted."

somes from man enect out money; and the spirit cannot seem until the milistones are lifted."

Learn the satisfaction of a searing spirit. Save before you spend by putting something from each pay check into a Federal Savings account. It's the best foundation you can lay for a happier future.
